#### Packaging

Can of 25 kg  
Drum of 200 kg

#### How to use

**High-pressure spray cleaner:** 2 - 10% by volume at 15 - 50°C. Apply the product with low-pressure or mist spray, soak for 2 to 5 minutes. Rinse off with clear water and high-pressure.

**Foam cleaning:** 3 - 5% by volume of water at 15 - 60°C. Rinse with water afterwards.

**Hand wash:** 0,5 - 10%. Rinse with water afterwards.

The exact concentrations depend upon the extent of soils. N.B.: Warm water will increase the cleaning effect.

#### Properties

Physical aspect	: clear, white liquid
pH 5% solution	: 11,4 ± 0,5
Odor	: mild
Solubility in water	: complete

#### Safety

The safety information of this product is mentioned in our Safety Data Sheet (MSDS).  
If using cleaning- and/or disinfectant products use always personal protective equipment.

\* Only to be used by professional users.
