

## BIO CAR SHAMPOO

A CONCENTRATE FOR UNIVERSAL CLEANING OF CARS, TRUCKS AND BUSES

- Removes dirt very quickly and easily.
- Is totally harmless for use on glass and aluminium; prevents moisture or stains on clean painted or lacquered surfaces, has a long lasting effect in all kinds of water( tap-, salt etc.)
- Is completely safe for skin and clothes.
- It is not necessary to dry the surface after use.
- **Biodegradable.**
- **Phosphate-free.**

### Where to use

Cleans lacquered and painted surfaces of vehicles (cars, trucks, trams and buses), artificial leather- and plastic coatings and linen covers.

Removes stuck, stubborn contaminations of oil, grease, soot deposits and dirt from exhaust fumes, road-dust as well as environmental tarnish.

Safe for steel, stainless steel, bronze, copper, zinc, magnesium, chrome, nickel, monel, cadmium, aluminium, painted surfaces, glass, rubber, artificial leather, plastics, vinyl, wood and covering materials, auto-parts etc.

### Packing

Polycontainer à 20 kg

Carton à 2 x 5 kg

### How to use

By hand:

One cup (abt. 100 gr) BIO CAR SHAMPOO per 10 Lt. of water. Temp.: 15-25°C.

Note:

First of all rinse the vehicle very thoroughly with a hose till it is free of sand and dust in order to avoid scratching during washing with a sponge. After washing with BIO CAR SHAMPOO, please rinse again with water. It is only required to clean the windows with the chrome or nickel. Everything else will dry without leaving behind streaks.
