

ROGY-STRIP FLOORSTRIPPER

- Powerful cleaning and degreasing action.
- Floorstripper for removing of old wax- or polymeric emulsion layers.
- Cleaning of all water-resistant floors, like vinyl, tiles, synthetic materials, concrete etc. with the exception of porous Stone sorts like marble and travertin.
- Biodegradable
- Phosphate-free

Where to use

High concentrated cleaning product with extra degreasing properties for all water-resistant floors, removes the most tenacious soils like tire traces, sole stripes etc.

ROGY-STRIP can be used in mechanised suction- scrub machines or manual with a mop.

ROGY-STRIP is especially developed for removing of old wax- or polymeric emulsion layers from all hard floors and sealed parquet floors.

Packaging

Can of 10 kg

How to use

Manual: Concentration: 20 - 100 g/l in water. Dependent of the nature of the soil one or more times mop the floor. If necessary soak for 3 - 5 minutes..

Suction/Scrub machine: Concentration: 1 - 3% in water. Parts which cannot be reached with the machine clean manual (see above).

Scrubbing floors with the automat, soils will be sucked off directly by the water suction machine.

Properties

Physical aspect	:	clear liquid
pH 5% solution	:	11,0 ± 0,5
Odor	:	specic
Solubility in water	:	complete

Safety
